GUIDELINES FOR COACHES

These guidelines are designed to:

- Protect P.A.L.
- Protect the kids
- Protect YOU
- Remember the welfare of the children is paramount. Young athletes have a right to expect appropriate management, support, personal and social development with regard to their involvement in all levels of athletics.

-- If you see anything unusual or feel that something is wrong (whether it's another coach, a parent or one of the kids), report it.

-- Make sure you do not transport a child (other than your own) in your car without an adult , or at least another child, in the car with you. In fact, short of an emergency, there is no real need to transport a child in your personal vehicle.

-- All incidents of suspicious poor practice and allegations of abuse will be taken seriously and responded to swiftly and appropriately.
